

Multi-Year Accessibility Plan 2024-2029

Introduction

Since 1982, Your Support Services Network (YSSN) has connected people who live with serious mental illness and/or a developmental disability, and children with complex service needs, with the services and supports they need to live their best life.

Grounded firmly by our Mission: “*Communicate. Connect. Collaborate.*”; our Vision: “*A Meaningful Life for all: Relationships, Community, Well-being.*”; and our Values: “*Compassion, Accountability, Resilience, Initiative, and Collaboration*”, we draw upon these foundational positioning statements and principles at every level of the agency to guide the work that we do.

This 2024-2029 accessibility plan outlines the actions that YSSN has taken and will continue to take to support equitable opportunities for people with disabilities. This renewed plan is guided by consumer and staff feedback, goals and activities established in YSSN’s Strategic Plan with a clear commitment to creating environments that foster thriving and empowered people, delivering culturally responsive services, and implementing recommendations from our equity action plan.

YSSN’s Commitment to Accessibility

YSSN is committed to services, supports and employment that are strength based, customer service that is respectful and helpful, human resources policies which accommodate employees’ needs, technology which supports different abilities and work from a variety of locations and education which enhances our cultural capacity, all within barrier free sites that are located within easy to reach neighborhoods.

YSSN is committed to full inclusion and fostering belonging. We will ensure that policies, procedures, service delivery and best practices are consistent with accessibility standards and will work to identify and remove physical, attitudinal, and systemic barriers in support of the core principles of the *Accessibility for Ontarians with Disabilities Act, 2005 (AODA)*: independence, dignity, integration, and equal opportunity.

YSSN’s 2024-2029 Multi-Year Accessibility Plan and any affiliated reports will be posted on our website and will be provided in an accessible format, upon request. YSSN will share the plan and annual progress reports with the Board of Directors, Peer and Family Advisory Committee and employees through internal communication methods.
